Cargo Insurance

We understand the importance and value of the shipments we are handling; this is why we have contracted the finest insurance policy to cover your cargo upon request against any transport risk. This cargo insurance represents an essential added value to complete our service cycle. Our quality service & extensive handling allows us the ability to negotiate both complete and cost effective cargo insurance. We work with certified international carriers and our staff is always available to reply to queries regarding cargo insurance of any type.

While we arrange for the transportation of your goods, we provide the owner of the cargo, financial protection against all risks of physical loss or damage from any external cause. The insurance provides risk coverage for ocean, air and road freights. Insurance services provide coverage for stored goods at the company's warehouse. In the event of a loss or damage, the insurance surveyors are available for responsive and complete inspections. Cargo insurance provides extra peace of mind for the valued customers.

Shipping and Consolidation

We are rated among the most reliable and best consolidators in the Indian trade for Gulf, Europe, Uk, Med, USA, Far east ports. Any size or weight doesn't matter as we timely deliver the cargo to the right destination at the right time at the right price. Our counterparts are fully geared up to give excellent service to cnee leaving no room for any complaints. LCL is our forte and we have lived up to expectation of the Indian trade.

We at **GK MARINE PORTS AND INFRA SEZ PRIVATE LTD**, a well known LCL logistics provide an import consolidation program for those consignees with multiple suppliers. Rather than small shipments, LCL shipments, we can consolidate your vendor's cargo into a full container for maximum container utilization. This also allows for pre-sorting, according to destination and possible distribution options through our de-consolidation program.

Buyer Consolidation

Yet another segment in logistics arena has been well nurtured at **GK MARINE PORTS AND INFRA SEZ PRIVATE LTD.** Our experienced team have expertise in handling such consolidation with effective planning, generating SOPs with our overseas partners for smooth handling and finally updating Daily Status Reports for a perfect execution.

If our customers receive cargo from multiple suppliers, we can consolidate their goods by our consolidation services. Consolidation services will organize the supply chain in a leaner and more efficient way.

Consolidation services reduce costs. With our buyer's consolidation services, you will have reliability, less cargo handling and fewer units to handle at your end destination. Buyer's consolidation services give you reduced costs and environmental savings whilst offering full transparency in a more simplified manner compared to multiple air shipments.

The foundation of our company has come through a long and informative offering around Customs Brokerage and Government Compliance.

NSL offer a complete suite of Customs Brokerage services including :

Tariff classification and duty file maintenance.

Import and export clearance.

Duty drawback application.

Consulting services and advice.

Pre-shipment authorization and pre-clearance.

Export document preparation.

Electronic connection to customs.

We assist our clients in the event of a Customs audit. The quality of information contained in our database allows for cross-referencing of shipments, customs entry numbers, orders and products. This functionality will be a major time saver when carrying out a customs audit or completing duty drawback.

Direct Port Delivery (DPD) / Direct Port Entry (DPE)

COMMING SOON

Warehousing And CFS Facility

We provide Outbound Logistics Services that we provide to the organizations that deal international or multi-national export and import. These innovative 3PL services can locate wasteful processes, and find and remove the cause, which enhances the quality of logistics services.

Hazardous Cargo / ISO / Flexi Tanks

The term "Hazardous" calls to mind safety norms to be observed in handling. We call ourselves an expert in handling the same as every precaution is taken by us to protect people and the marine environment.

GK MARINE PORTS AND INFRA SEZ PRIVATE LTD has a strong commitment to principles of safety, health and environmental protection in the storage, transportation and delivery of dangerous goods. Strict controls are in place to ensure that these cargoes are handled safely.

We are experts in shipping / air freighting hazardous cargo that are fully compliant with IMDG, ADR and IATA Regulations.

We specialize in handling the issuance of dangerous goods declaration, classification, packing, re-packing, labeling and transport.

We have built a reputation of being experts in the world of hazardous cargo, and are often contacted by other forwarders and liners for advice.

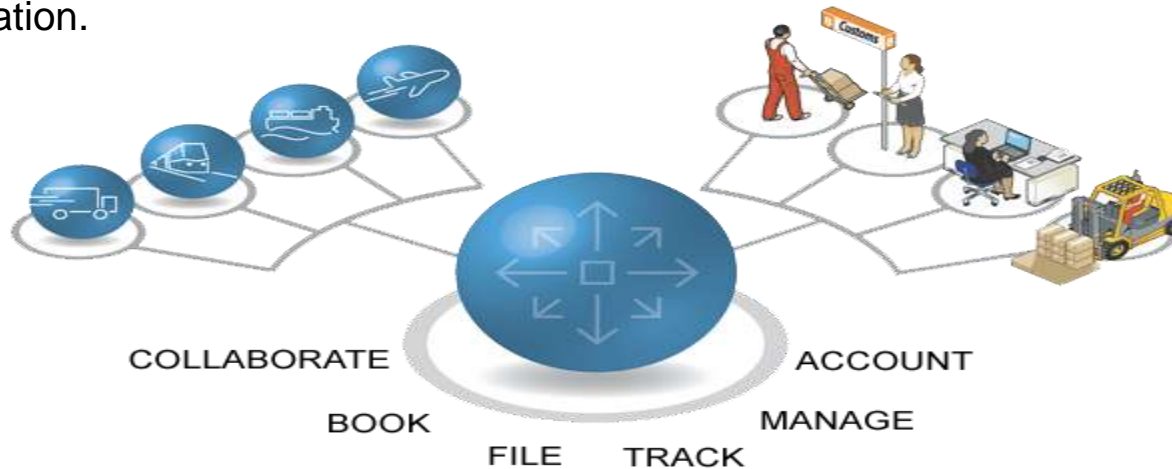

GK MARINE PORTS AND INFRA SEZ PRIVATE LTD has a dedicated team who is well trained at all levels of the supply chain and regularly update ourselves to keep abreast with the latest technology and issues and regulations to conform to the safe transport of hazardous cargo by surface, sea or air.

ISO tanks are the revolutionary concept in the transportation of liquid, gaseous and powder chemicals. They provide a sturdy safe and user friendly mode of loading, carriage, transportation, shipping and discharge of various hazardous, non-hazardous and food grade chemicals adhering to the international norms regulations of safety.

We serve our valuable customers for worldwide locations for Export and Import through our division of ISO Tank Container agency business, for spot shipment, nomination / dedicated shipment

Consulting And Trade Facilitation

Being in this industry for 4 decades now, we are keenly aware that logistics has increasingly become a key factor in cost and quality customer service distinguishing one company's products from another's. Our logistics consultancy is well qualified and prepared to help you craft the logistics concept best suited for your organization.

With extensive on-the-job logistics and supply chain operational experience combined with specialized education, **GK MARINE PORTS AND INFRA SEZ PRIVATE LTD** provides cost effective and creative warehousing, distribution, supply chain as well as material handling consulting services for leading retail, wholesale, and consumer manufacturing companies.

We will assist you in developing the very best logistics network, warehouse layout, manufacturing plant layout, material handling solutions and information systems for your supply chain.

If you are a new importer or a new exporter, we can assist you with understanding key trade requirements as well as obtaining an Import-Export Code (IEC) and other regulatory requirements to ensure trade facilitation.

Our logistics consultancy is not affiliated with manufacturers, distributors, integrators, and providers of material handling and warehouse management and logistics and supply chain execution software. As your logistics consultant, systems designer, and partner, GK promises to provide analysis, concepts, and solutions that are unbiased and specifically tailored to your requirements and best interests.

Additional Services

1) Fumigation, Phytosanitary Certificate :

We help you acquire your Fumigation, Phytosanitary Certificate, a necessity for the exporting/importing of a number of products. This ensures that the cargo has been looked over by certain authorities and does not pose any medical risk or contain injurious pests as per the norms of the importing country. Our knowledge and expertise in this service sector allow us to help you efficiently and at low cost. We will guide you through the formalities as per the respective legislation required. The latest “Ease of Doing Business” in India initiative makes it easier.

2) Arranging Inspection through SGS, Geo-Chem etc. :

By availing of this service, you save the trouble of having to constantly check on the inspection of the cargo. We share professional relationships with a number of customs agents worldwide; ensuring the prompt and safe delivery of your goods. We help our esteemed clients through the SGS/GeoChem/equivalent inspection process that is carried out at ports. This is required for the cargo to be approved so as to allow transportation of the goods.

3) Certificate of Origin & Legalization of documents through Consulates :

This document is essential for the transport of any product across countries. That is to say, no cargo can be imported/exported for the Certificate of Origin and it is mandatory for certain food items in some countries. We offer our expertise for clients who require this certification, and utilize our vast experience in this domain to assist with the legalization of documents. This requires work to be done from various Consulates and required agencies. We have a dedicated team for obtaining these necessary certificates.

4) Palletization / Fumigation :

Our services allow for low cost palletizing and fumigation services, ensuring low risk transport of your products. The palletizing services guarantee safe unloading and loading of cargo. The fumigation services protect from pest damage during transportation. Feel free to inform us of special requirements and we will do our best to accommodate you. We have our authorised palleting agents all around the port.

5) Export Import Consultancy :

We provide the following services by associating with a number of govt. departments and consultancy; Advance & Adhoc Authorizations, Negative Licence, IEM, etc, 3% (EPCG) Export Promotion Capital Goods Scheme, Import Export Code Number (IEC), Compliance of Laws under the Foreign Trade Policy 2004-2009, Fixation / Ratification of SION Norms from DGFT, New Delhi, 100% Export Oriented Unit (EOU), Compliance of Foreign Trade Policy Laws 2004-2009, Duty Free Import Authorization, Served From India Scheme and Representing Enforcement cases. We are associated with agents providing official import-export data in norms with Indian Customs.

6) Sourcing Agents / Buying Agents :

Our expertise has allowed us the ability to interact directly with a number of manufactures and we now offer this service of connecting you to this network. We will help you arrange a meeting with possible suppliers, manufacturers, co-coordinators and help with consolidation, quality assurance, etc. We hope to lower your risk in any way possible through this process. Additionally, we are known for our spectacular customer service and dedication to satisfaction.
